MEMORANDUM FOR: DEPUTY DIRECTOR (PLANS)

SUBJECT: [REDACTED]

REFERENCES:

- a. Memo fr DD/P to ADPC, dtd 10 Mar 51
- b. Ltr from General Donovan to DD/P, dtd 9 Mar 51

1. [REDACTED] talked with [REDACTED] recently regarding his experience in OSS and his present plans. In talking with [REDACTED] he felt that the man was of great potential value to OPC in the covert psychological warfare field.

2. It developed, however, that he was so fixed in his present [REDACTED] that he could only be away from New York for short periods of time and could not visualize joining up full time in the foreseeable future.

3. I believe that [REDACTED] would be of value to us, could his present plans be modified so as to work with us full time.

4. I do not quite understand what General Donovan meant in his letter to you to the effect that we could not expect to get [REDACTED] unless we "put him in charge". Put him in charge of what, the Agency or only OPC?

Assistant Director for
